

PRINTER & KEYBOARD INCLUDED

DEJAVOO P3

The Dejavoo P3 Handheld/PIN Pad offers many of the same features as dedicated handheld units, but also includes a printer and keyboard. Equipped with Bluetooth, WIFI, and 4G, this handheld wireless Android device takes contactless, chip, and pin transactions to the next level.

The beautiful interface includes a quick access wheel so you can simplify the process of completing basic tasks such as transaction voiding, refunds, and pre-authorizations.

Features

- Keypad & Printer
- EMV & NFC Wireless Pay
- 5 Inch HD Display
- Simple Interface
- 4G, WIFI, IP
- Space Saving Design
