TOUCHSCREEN COUNTERTOP PAYMENTS

DEJAVOO QD4

The Dejavoo QD4 is the quintessential countertop Android for businesses aiming to upscale with efficacy. Serve customers with unparalleled speed and reliability with AURA or DejaPayPro.

Embodying a harmony of top-tier features and affordability akin to the Z11, the QD4 boasts a vast touch screen, efficient Ethernet & WiFi capabilities, and the versatility of an internal PIN Pad and contactless support. Its compatibility with external PIN Pads ensures your terminal setup remains adaptive and dynamic.

Features

- All-in-one Android POS
- AURA Software Powered
- Dual Connectivity Options
- Contactless Payments
- Expansive Touch Screen
- Use External PIN Pads

All-In-One Device
